

## **GBAC STAR™ Welcomes First Children's Museum & Arboretum to Growing List of Accredited Facilities**

*More than 1,100 facilities are now accredited, including 866 hotels, 77 convention centers, 37 arenas, 18 airports, and more*

**NORTHBROOK, Ill.— Jan. 21, 2021**—The GBAC STAR™ Facility Accreditation Program from the [Global Biorisk Advisory Council](#)™ (GBAC), a Division of ISSA, today announced that Salt Lake City’s Discovery Gateway Children’s Museum and Red Butte Garden and Arboretum; Little Caesars Arena in Detroit, home of the Detroit Red Wings and Detroit Pistons; hotels around the world; and more facilities achieved GBAC STAR accreditation this week.

“The goal of GBAC STAR accreditation is twofold. First and foremost, it helps protect frontline employees and cleaning staff from biological risks,” said GBAC Executive Director Patricia Olinger. “It also gives the public confidence to enter these accredited facilities knowing that they understand how best to clean, disinfect, and prevent infectious disease outbreaks.”

GBAC STAR teaches the proper protocols, correct disinfection techniques, and cleaning best practices for biohazard situations like the novel coronavirus. The accreditation is valid for one year, at which point facilities undergo a reaccreditation process to showcase their ongoing commitment to maintaining safe and clean spaces. To date, more than 1,100 facilities around the world have achieved GBAC STAR accreditation and an additional 2,700 are currently pursuing the designation.

This week, the following facilities have earned GBAC STAR accreditation, the gold standard for facility preparedness:

### Arenas and Stadiums

- Olympia Entertainment, Little Caesars Arena in Detroit, home of the Detroit Red Wings and Detroit Pistons
- Will Rogers Memorial Center in Fort Worth, Texas

### Convention Center

- Fort Worth Convention Center in Fort Worth, Texas
