

## GBAC STAR™ Facility Accreditation Takes Flight with American Association of Airport Executives

**NORTHBROOK, III.— Feb. 5, 2021—** The [Global Biorisk Advisory Council™](#) (GBAC), a Division of ISSA, today announced that its established partnership and working group with the American Association of Airport Executives (AAAE) has led to 21 airports across North America achieving GBAC STAR™ Facility Accreditation. These include Dallas Fort Worth International Airport, Jacksonville International Airport, Minneapolis-St. Paul International Airport, Seattle-Tacoma International Airport, and more. More than [30 additional airports](#) have also committed to earn accreditation.

“Over the last several months, we’ve worked closely with AAAE Working Group members to enable airport executives to enhance their cleaning protocols and achieve GBAC STAR accreditation,” said GBAC Executive Director Patricia Olinger. “This partnership has helped airports and their staff commit to achieving a higher level of clean today, tomorrow, and well after the pandemic is over.”

The GBAC STAR program guides facilities on cleaning, disinfection, and infection prevention best practices for biohazard situations, such as the novel coronavirus. In addition to numerous airports achieving or working toward GBAC STAR, American Airlines [earned accreditation](#) for its fleet and Admirals Club lounges last month.

“Our partnership with ISSA and GBAC has assisted our members in deploying additional tools and knowledge to implement best practices around cleaning and disinfection,” AAAE Executive Vice President Jacky Sher Raker said. “We’re thrilled that over 20 facilities have already achieved accreditation, with many more to come. Public health is a critical focus for airports, and we’re proud of the role we’ve played working with ISSA and GBAC to help certify the important work our members are doing to clean and disinfect their facilities.”

The following airports have earned GBAC STAR accreditation:

- Aéroports de Montréal in Dorval, Quebec
- Albany International Airport in Colonie, N.Y.
- Charlotte Douglas International Airport in Charlotte, N.C.
- Columbia Metropolitan Airport in West Columbia, S.C.
- Columbus Regional Airport Authority in Columbus, Ohio
- Dallas Love Field Airport in Dallas
- Dallas/Fort Worth International Airport in Dallas
- Eugene Airport in Eugene, Ore.
- Jacksonville International Airport in Jacksonville, Fla.
- Louis Armstrong New Orleans International Airport in Kenner, La.
- Manchester-Boston Regional Airport in Manchester, N.H.
- Meadows Field Airport in Bakersfield, Calif.
- Minneapolis-St. Paul International Airport in Minneapolis
- Myrtle Beach International Airport in Myrtle Beach, S.C.
- Norman Y. Mineta San Jose International Airport in San Jose, Calif.

- Orlando International Airport in Orlando, Fla.
- Palm Beach International Airport in Palm Beach County, Fla.
- Salisbury Regional Airport in Salisbury, Md.
- Seattle Tacoma International Airport in Seattle
- Tucson Airport Authority in Tucson, Ariz.
- Yampa Valley Regional Airport in Hayden, Colo.

“Health and safety has been the top priority for our flyHealthy@SEA program and to be recognized by GBAC is the gold standard to show the public the rigorous efforts we’ve taken,” said Jinah Kim, Senior Manager of Aviation Custodial Services, Seattle-Tacoma International Airport. “Having someone as respected as GBAC to verify our efforts shows we are on track for cleaning and disinfecting protocols and procedures, a critical part in our response to COVID-19.”

“Maintaining public trust and providing a facility where travelers can feel safe has always been at the forefront of MYR’s planning and pandemic response. The airport is committed to providing a clean, safe, and healthy environment for its patrons and staff,” said Scott Van Moppes, Director of Airports, Myrtle Beach International Airport. “Achieving this accreditation is a testament to the hard work and dedication of our team who continues to work diligently in order to meet the high standards that passengers expect when traveling.”
