

## Dozens More Facilities Achieve GBAC STAR™ Accreditation

**Northbrook, Ill. – October 23, 2020** – The Global Biorisk Advisory Council® (GBAC), a Division of ISSA, the worldwide cleaning industry association, has announced that 50 more facilities have achieved [GBAC STAR™ Facility Accreditation](#) this week. The Forum in Inglewood, Calif.; the Minneapolis Convention Center in Minneapolis; 40 Hyatt properties; and other facilities around the world can display the coveted GBAC STAR accreditation seal throughout their locations to give visitors and employees added assurance about their health and safety protocols.

GBAC STAR is an industry accreditation focused on ensuring a clean, safe, and healthy environment in public and commercial facilities of all sizes. The program outlines best practices, protocols, and procedures to control risk factors associated with infectious disease, including SARS-CoV-2, the virus responsible for COVID-19. GBAC STAR accreditation means that accredits both venues' cleaning, disinfection, and infectious disease prevention programs implement best practices to prepare for, respond to and recover from outbreaks and pandemics like COVID-19.

“While a facility may look and smell clean, that doesn’t necessarily mean that the space has been thoroughly cleaned and disinfected,” said GBAC Executive Director Patricia Olinger. “The GBAC STAR accreditation process helps facilities learn the proper cleaning, disinfection, and infection prevention processes so they can carry these out on a daily basis.”

GBAC STAR is performance based and was developed by experts who have spent their careers focusing on creating protocols for facilities to reduce risk during outbreaks. All current and upcoming accreditations are searchable via the [GBAC STAR Facility Directory](#), making it incredibly easy for the public to understand which facilities are dedicated to the new standard of clean.

The following properties have achieved GBAC STAR accreditation, the gold standard of prepared facilities:

### Arena

- The Forum in Inglewood, Calif.

### Commercial Office

- EFS Facility Management in Dubai, United Arab Emirates
